ADDENDA - REVISIONS

Documents required for this filing:

1. Addendum Application.
2. One assembled set of modified drawings which clearly identify the changes.
3. Addendum fees for each system affected.

NOTE: An addendum may not be used to enlarge or expand the scope of the original filing release.

Addendum change is to the following systems: ☐ Structural (man include site and foundation changes) ☐ Architectural ☐ Mechanical
☐ Plumbing ☐ Electrical ☐ Fire Suppression ☐ All Above ☐ Other (specify) _____

Brief description of the work covered by this addendum:

675 IAC 12-6-18 (GAR) Addendum and Revision Design Release

Sec. 18. (a) No design changes or additions to the scope of work shall be made on a construction project subsequent to the issuance of an applicable design release unless an addendum or a revision design release is issued by the Indiana Department of Homeland Security, Division of Fire and Building Safety, Plan Review Branch, with the approval of the Office of the State Fire Marshal.

(b) Such design changes shall not include increases in project height or area.

(e) Subsequent to the issuance of an addendum or revision design release, the original design release remains in effect as modified by the addendum or revision design release.
